Index Of BCR Contents—2002

ACDs (Automatic Call Distributors)

VoiceXML And The Future of SALT, May, pp. 54–59
Web-Enabled Call Centers—A Progress Report, July, pp. 38–42

ASPs (Application Service Providers)

Outsourcing Lessons From the xSPs, Jan, pp. 18–21
Getting Rid Of The Phone Company, Feb, pp. 14–15
CDN Business Models—The Drama Continues, April, pp. 51–57
Content: A Two-Edged Sword, July, pp. 14–15
Outsourcing Trends In Uncertain Times, July, pp. 28–32

ATM (Asynchronous Transfer Mode)

Access Services Roll Ahead—Slowly, Jan, pp. 51–54
Can MPLS Replace ATM? March, pp. 18–20
Frame Relay: Good For Another 10 Years? July, p. 49–54
Number One Hundred, Sept, pp. 14–16
2003—The Year Of MPLS?, Oct, pp. 8–9
Is Ethernet Headed Down The First Mile? Oct, pp. 42–44
MPLS: New Foundation Or Next Overlay Network? Nov, pp. 26–30
ATM Reaches Middle Age, Nov, pp. 31–38

BCR Test

IP-PBXs: Ready and Waiting, Jan, pp. 29–40
IP-PBXs: Multifaceted Management, Feb, pp. 48–52
Beyond Basic VPNs, April, pp. 22-29
MPLS: The Making of VWANs? May, pp. 46–49
WAN Watchers: Testing The Testers, June, pp. 40–45
IP Phones: Promises And Pitfalls, Sept, pp. 36–41

BCR Virtual Roundtable

Metro Ethernet: Still On The Horizon? June, pp. 28-34

Billing/Chargeback

Driving Down Communications Costs In A Tight Economy, June, pp. 54–57
Call Accounting For Converging Networks, June, p. 56
Litigation, Anticipation, Perspiration, June, pp. 66–65

Briefing

Another Last Mile For Fiber Access, Jan, p. 8
Extranet Security—In For The Long Haul, Feb, p. 10
Video: Nice But Not Necessary? March, pp. 10–12
Verizon: Going Global, Starting Small, April, p. 12
When Monopolists Collide, May, p. 12
Firewalls Behind The Firewall, June, p. 12
VOIP Vs. Firewalls, July, p. 10
WorldCom: Preliminary Prognosis, Aug, pp. 10–11
What Should WorldCom's Customers Do? Sept, pp. 10–12
Telecom Crunch Hitting Wireless, Too, Sept, pp. 12–13
What Comes After 10-Gig Ethernet? Oct, p. 10
Softswitch R.I.P.? Nov, pp. 10–12
SBC Puts A New Spin On VPN, Nov, pp. 12–14
Outliving Your Enemies, pp. 14–16
Cabling For Convergence, Dec, p. 12
Verizon Aims For The Enterprise, Dec, p. 12

Business Architecture/Herman

Of Pioneers And Vultures, Feb, pp. 16–18
E-Enabling Your Enterprise, April, pp. 20–21
Web Services—The Hard Work's Just Beginning, June, pp. 20–21
New Ways To Create Business Value, Aug, pp. 18–19
Making Collaborative Commerce Happen, Oct, pp. 18–19
Living Through A Glut, Dec, pp. 20–21

By The Numbers

Router Growth Gives Glimmer of Hope, Jan, p. 10
Service Provider Capex Decline Hits WAN Market, Jan, p. 10
Ethernet Switch Price Premium Reduced, Jan, p. 10
Cisco Gains Share in 802.11b Market, Jan, p. 10
Service Provider Spending Still Slow; Enterprise May Bounce Back, April, p. 14
DSL Business Case Improving, April, p. 14
Increased Enterprise Router Purchases Push Bandwidth, April, p. 14
Mobility Infrastructure Market Falls, April, p. 14
Cuts Keep Coming, July, p. 12
Price Decline Spurs Growth For L3 Fixed, July, p. 12
Service Providers Get Less Bang For The Buck, July, p. 12
Optical Switch Driven By Lower Capex, Opex, July, p. 12
Mobility And Ethernet Shine Through, Oct, p. 12
Wireless Providers Still Spending, Oct, p. 12
Switching Market Sees Seasonal Growth, Oct, p. 12
GSM/GPRS/EDGE Prices Drop, Sales Rise, Oct, p. 12

Cable Modems

Lobby Hollywood, Not Washington, April, pp. 16–17

Cabling

Networking In The House, Nov, pp. 24–25
Cabling For Convergence, Dec, p. 12

Call Centers

VoiceXML And The Future of SALT, May, pp. 54–59
Web-Enabled Call Centers—A Progress Report, July, pp. 38–42
Migrating Customers To Self–Service, July, pp. 43–46
Avaya's CRM Enhancements, July, p. 55
Contact-Center Service Providers: More Than Outsourcing, pp. 44–47

Carriers/Service Providers

Carriers Face Another Tough Year, Jan, p. 2
Another Last Mile For Fiber Access, Jan, p. 8
Measured Use Still Falls Flat, Jan, pp. 14–15
Access Services Roll Ahead—Slowly, Jan, pp. 51–54
2002: Year Of The Conundrum, Jan, pp. 66–65
Why Packetize Voice In The Access Network? Feb, p. 13
Getting Rid Of The Phone Company, Feb, pp. 14–15
Unconventional Wisdom About Local Competition, Feb, pp. 24–28
Multiservice VPNs: What Can Carriers Deliver? Feb, pp. 41–45
Critical Year For IP Centrex, Feb, pp. 58–61
Lull Before The RBOC Storm? March, p. 2
